Health Insurance Oversight System Portal – User Manual

1 Introduction

The Center for Consumer Information and Insurance Oversight (CCIIO), a division of the Department of Health and Human Services (HHS), is charged with helping implement many provisions of the Affordable Care Act. CCIIO oversees the implementation of the provisions related to private health insurance including providing oversight for the issuer-based data exchanges that populate <http://www.healthcare.gov>.

These technical instructions explain how the HIOS application works within any compatible Internet browser application such as:

1. Internet Explorer (version 7 or higher)
2. Mozilla Firefox (version 5 or higher)
3. Chrome (version 9.0 or higher)

CMS Enterprise Portal: CMS Enterprise web portal will be used for accessing CMS systems. Various CMS systems will be integrated with the portal in the coming months. HIOS will be integrated with the Enterprise Portal and will only be accessible through the portal on March 28th.

Enterprise Identity Management System (EIDM): Enterprise Identity and Access Management System. EIDM provides Authentication and Authorization capabilities and is tightly integrated with the CMS portal. Users will need to register for an EIDM account and obtain a CMS Enterprise Portal User ID and Password to access the CMS Enterprise Portal.

Pre-Requisites for HIOS Access:

- All users will be required to complete the Enterprise Portal registration process, which includes Identity Verification (ID Proofing).
- ID Proofing verifies that the individual referenced in the account is the same person creating the account.
- Additional information collected includes the following Personally Identifiable Information (PII) for purposes of the ID Proofing Process: Social Security Number, Date of Birth, Home Address and Primary Phone Number

2 HIOS System Access

Starting March 28th, 2013, users will be able to access HIOS by navigating to the CMS Enterprise Portal Site at: <https://portal.cms.gov/>. Users will be required to enter their CMS Enterprise Portal credentials and then access HIOS.

Figure 1: CMS Enterprise Portal Main Screen

Existing HIOS users will be pre-registered into the CMS Enterprise Portal but will be required to provide some additional information specific to identity verification. New HIOS users will be able to access the system but will be required to register for a CMS Enterprise Portal account, register for a HIOS account and then tie the two accounts together.

2.1 Existing HIOS Users

All existing HIOS users will automatically receive a CMS Enterprise Portal account to log into the CMS Enterprise Portal. Emails with the new CMS Portal credentials were sent to all registered HIOS users. If you are an existing HIOS user who did not receive the CMS Portal credentials, please contact the Exchange Operations Support Center at 1-855-CMS-1515 or email them at CMS_FEPS@CMS.HHS.gov.

Upon logging into the Enterprise Portal, HIOS users will be required to provide additional information that is not currently in HIOS to complete the registration process. Once registration is complete, users will be able to access HIOS. Here is the sequence of screens below.

Terms and Conditions

Consent To Monitoring

By logging onto this website, you consent to be monitored. Unauthorized attempts to upload information and/or change information on this web site are strictly prohibited and are subject to prosecution under the Computer Fraud and Abuse Act of 1986 and Title 18 U.S.C. Sec. 1001 and 1030. We encourage you to read the [IHHS Rules of Behavior](#) for more details.

Protecting Your Privacy

Protecting your Privacy is a top priority at CMS. We are committed to ensuring the security and confidentiality of the user registering to EIDM. Please read the [CMS Privacy Act Statement](#) which describes how we use the information you provide.

Collection Of Personal Identifiable Information (PII)

"Personal" information is described as data that is unique to an individual, such as a name, address, telephone number, social security number and date of birth (DOB).

CMS is very aware of the privacy concerns around PII data. In fact, we share your concerns. We will only collect personal information to verify your identity, when you set up an account. Your information will be disclosed to Experian, an external authentication service provider, to help us verify your identity. We will share your Social Security number with Experian only for the purposes of verifying your identity. Experian verifies the information you give us against their records. We may also use your answers to the challenge questions and other PII to later identify you in case you forget or misplace your User ID /Password.

I have read the IHHS Rules of Behavior (IHHS RoB), version 2010-0002 001S, dated August 28th 2010 and understand and agree to comply with its provisions. I understand that violations of the IHHS RoB or information security policies and standards may lead to disciplinary action, up to and including termination of employment; removal or debarment from work on Federal contracts or projects; and/or revocation of access to Federal information, information systems, and/or facilities; and may also include criminal penalties and/or imprisonment. I understand that exceptions to the IHHS RoB must be authorized in advance in writing by the OPDIV Chief Information Officer or his/her designee. I also understand that violation of laws, such as the Privacy Act of 1974, copyright law, and 18 USC 2071, which the HHS RoB draw upon, can result in monetary fines and/or criminal charges that may result in imprisonment.

I understand that the identity proofing services being requested are regulated by the Fair Credit Reporting Act and that my explicit consent is required to use these services. I understand that any special procedures established by CMS for identity proofing using Experian have been met and the services requested by CMS to Experian will be used solely to confirm the applicant's identity to avoid fraudulent transactions in the applicant's name.

3 Register an Organization

Register an Organization module allows the user to verify a company existence in HIOS or create a new company or issuer within HIOS. The organization must be actively registered in HIOS in order for a user to request access to the account or role permissions to the account.

Most of the modules within and controlled by HIOS will require the user to be cross-referenced (or associated to) at least one organization, company, issuer, or state (for state modules only) before a user can even have access to the module. The user will not have the module's access button until the user has an approved role request to an existing or approved new organization.

The screenshot shows the 'Request Role' page in the Health Insurance Oversight System. The page has a green header with the system name. Below the header, there is a navigation bar with links for HOME, FAQ, CONTACT US, and SIGN OUT. The date 'Friday, February 22, 2013' is displayed on the left, and a welcome message 'Welcome Jessica Rabbit' is on the right. The main content area has two tabs: 'View Existing Roles' and 'Request Role'. The 'Request Role' tab is active. Below the tabs, there is a section titled 'Request Role' with instructions: 'Please select a Module from the drop-down list below and follow the prompts to submit a role request. For a description of each module, select [Module Descriptions](#)'. The form includes the following fields: 'Module:' (Rate & Benefits Information System (RBIS)), 'Requested Role:' (Issuer), 'User Type:' (Small Group Market Submitter), and 'User Sub-Type:' (Backup Contact). Below this is an 'Issuer Association' section with instructions: 'Please enter the HIOS Issuer ID below'. The 'Issuer ID:' field contains '85511' and a 'Search' button. The search result is '85511 - ACME Insurance Company - DC'. At the bottom of the form is a 'Review/Continue' button. The footer contains links for Accessibility, Rules of Behavior, Web Policies, and File Formats and Plug-Ins, along with the address: U.S. Department of Health & Human Services • 200 Independence Avenue, S.W. • Washington, D.C. 20201.

To request a role, complete the following steps:

1. From the HIOS Portal Home Page, select the **Role Request** button.
2. Select the **Request Role** tab.
3. Select the **Module** needed.
4. Select the **Requested Role**. The system will only display the specific roles that apply to the module selected.
5. If applicable for the module selected, select the **User Type** from the drop down menu.
6. If applicable for the module selected, selected the **User Sub-Type** from the drop down menu.
7. If the module requires a cross-reference to a company, issuer, or state, enter the information and select **Search**. If a Search Result is not displayed, the user must register the organization first or verify that the issuer or state reference provided is accurate.
8. Select the **Review/Continue** button.
